---

Good afternoon, Mr. Pollum,

Det. LaRose sent me your contact information for the neighborhood Ring program for law enforcement.

We are very interested in joining this program and I would like to move forward with it. Do you have a standard MOU that I can give to the City Attorney for review? Inevitably, City Council will have questions about privacy and such, so if you have any documentation that explains this I would be interested in getting that as well.

Thanks in advance,

Lt. Chris Lick
